

Environment
Supporting Culture and Diversity

Program/Provider: _____

Date: _____

Required for Level 2

Upload pictures of at least 3 different materials into the IQ4K application. Pictures should be of materials in your program to create an environment supportive to and encouraging of, culture, age, race, ability, special needs and gender diversity. (i.e. This is looking for materials in the environment such as dolls, play food, books, visuals with differing races, cultures, abilities, etc.)

Describe below in detail how the materials you chose are used to create an environment supportive to and encouraging of culture, age, race, ability, special needs and gender diversity.
