c. A new license shall be applied for when another adult or agency assumes ownership or legal responsibility for the center.

e. The center is not able to obtain an approved fire marshal's certificate as prescribed by the state fire marshal or fails to comply in correcting or repairing any deficiencies in the time determined by the fire marshal or the fire marshal determines the facility is not safe for occupancy.

f. The regulatory fee as specified in subrule 109.2(7) is not received by the department's division of fiscal management by the due date indicated on the child care center licensing fee invoice.

c. A letter received by an owner or director of a licensed center initiating action to deny, suspend, or revoke the facility's license shall be conspicuously posted at the main entrance to the facility where it can be read by parents or any member of the public. The letter shall remain posted until resolution of the action to deny, suspend or revoke the license. If the action to deny, suspend, or revoke is upheld, the center shall return the license to the department.

d. If the center's license is denied, suspended or revoked, the administrator of the department shall notify the parent, guardian, or legal custodian of each child for whom the facility provides child care. Upon approval by the department, the final determination of center capacity may include evaluation of other factors that influence capacity, as long as physical space requirements per child as defined in subrule 109.11(1) and subparagraphs 109.11(3) "a"(2) and (3) are maintained.

c. Notification. Upon final determination of center capacity by the licensing consultant, the licensing consultant or designee shall sign and provide the child care center licensing fee invoice to the center.

(2) Parents, guardians, and custodians are exempt from the record check process in relation to access to their own children or wards.

(3) Professional staff who hold a current, valid license issued by the educational examiners board are exempt from the record check process in relation to children in the center to whom they provide professional services consistent with Iowa Code chapter 272 and rules adopted by the educational examiners board.

b. *Authorization.* A requesting entity shall request a record check evaluation prior to the employment of a person subject to record checks. The person subject to record checks shall complete the DHS criminal history record check form and any other forms required by the department of public safety to authorize the release of records.

c. *Iowa records checks.* Checks and evaluations of Iowa child abuse and criminal records, including the sex offender registry, shall be completed before the person's involvement with child care at the center. Iowa records checks shall be repeated at a minimum of every two years and when the department or the center becomes aware of any possible transgressions. The department is not responsible for the cost of conducting the Iowa records check.

(1) The child care center may access the single-contact repository (SING) as necessary to conduct a criminal and child abuse record check of the person in Iowa. If the results of the check indicate a potential transgression, the center shall send a copy of the results to the department for determination of whether or not the person may be involved with child care, regardless of the person's status with the center.

(2) Unless a record check has already been conducted in accordance with subparagraph (1), the department shall conduct a criminal and child abuse record check in Iowa for a person who is subject to a record check. When the department conducts the records check, the fee shall be \$35 for each record check. The center shall submit the fee before the department initiates the record check process. Payment must be in the form of cash, check, money order, or cashier's check. The department may access SING to conduct the records check. The department may also conduct dependent adult abuse, sex offender, and other public or civil offense record checks in Iowa for a person who is subject to a record check.

(3) Centers that participate in student intern programs may seek a waiver for substitution of the state record check process with a check performed by the student's educational institution. Requests for a waiver shall be submitted on Form 470-4893, Record Check Waiver, to the address listed on the form.

d. *National criminal history checks.* National criminal history checks based on fingerprints are required for all persons subject to record checks under this subrule effective with a center's initial licensure or relicensure on or after June 1, 2010. The national criminal history check shall be repeated for each person every four years and when the department or center becomes aware of any new transgressions committed by that person in another state. The department is not responsible for the cost of conducting the national criminal history check.

(1) The child care center is responsible for obtaining the fingerprints of all persons subject to record checks. Fingerprints may be taken by law enforcement agencies, by agencies or companies that specialize in taking fingerprints, or by center staff or subcontractors who have received appropriate training in the taking of fingerprints.

(2) If the results of the Iowa records checks do not warrant prohibition of the person's involvement with child care or otherwise present protective concerns, the person may be involved with child care on a provisional basis until the national criminal history check and evaluation have been completed.

(3) The child care center shall provide fingerprints to the department of public safety no later than 30 days after the subject's approval for employment at the center. The center shall submit the fingerprints on forms or in a manner allowed by the department of public safety.

(4) Centers that are required to submit fingerprint-based checks of the FBI national criminal database to comply with federal regulations may seek a waiver to substitute that record check for the procedure required in this subrule. Requests for a waiver shall be submitted on Form 470-4893, Record Check Waiver, to the address listed on the form.

(5) Centers that participate in student intern programs may seek a waiver to substitute the fingerprint-based check of the FBI national criminal database performed by the student's educational institution for the procedure required in this subrule. Requests for a waiver shall be submitted on Form 470-4893, Record Check Waiver, to the address listed on the form.

(6) A center considering involvement of a person who has had a national criminal history check at another center may request information from that center. That center may provide the following information in writing upon a center's request, using Form 470-4896, National Criminal History Check Confirmation:

1. Date of most recent national criminal history check conducted by the center on the person in question, and

2. Whether or not the national check process resulted in clearance of the person for involvement with child care.

(7) If the results of the national criminal history check indicate that the person has committed a transgression, the center, if interested in continuing the person's involvement in child care, shall send a copy of the results to the department for evaluation. The department shall determine whether or not the person may be involved with child care.

(8) A center shall submit all required fingerprints to the department of public safety before the issuance or renewal of the center's license.

e. Mandatory prohibition. A person with the following convictions or founded abuse reports is prohibited from involvement with child care:

2. Founded child abuse that was determined to be physical abuse.

(2) After the five-year prohibition period imposed pursuant to 109.6(6) "f"(1), the person may request the department to perform an evaluation under paragraph 109.6(6) "g" to determine whether prohibition of the person's involvement with child care continues to be warranted.

g. Evaluation required. For all other transgressions, and as requested under subparagraph 109.6(6) "f"(2), the department shall notify the requesting entity that an evaluation shall be conducted to determine whether prohibition of the person's involvement with child care is warranted.

(1) The person with the transgression shall complete the record check evaluation form. The requesting entity shall provide the form and any other documents to the department within ten calendar days of the date on the form. The department shall use the information the person with the transgression provides on this form to assist in the evaluation. Failure of the person with the transgression to complete and the requesting entity to return this form by the specified date shall result in denial or revocation of the license or denial of employment. The department shall not process evaluations that are not signed by the person subject to an evaluation.

(2) The department may use information from the department's case records in performing the evaluation.

(3) The requesting entity may provide, or the department may request from the person subject to an evaluation or from the requesting entity, information to assist in performance of the evaluation that includes, but is not limited to, the following:

3. The circumstances under which the transgression was committed.
4. The degree of rehabilitation.
5. The likelihood that the person will commit the transgression again.
6. The number of transgressions committed by the person.

(6) When a person subject to a record check has a transgression that has been determined in a previous evaluation not to warrant prohibition of the person's involvement with child care and has no subsequent transgressions, an exemption from reevaluation of the latest record check is authorized. The person may commence employment with another child care facility in accordance with the department's previous evaluation. The exemption is subject to all of the following conditions:

1. The person's position with the subsequent employer is substantially the same or has the same job responsibilities as the position for which the previous evaluation was performed.

2. Any restrictions placed on the person's employment by the department in the previous evaluation shall remain applicable in the person's subsequent employment.

3. The person subject to the record check has maintained a copy of the previous evaluation and provides the evaluation to the subsequent employer, or the previous employer provides to the subsequent employer the previous evaluation from the person's personnel file pursuant to the person's authorization. If a physical copy of the previous evaluation is not provided to the subsequent employer, the record check shall be reevaluated.

4. The subsequent employer may request a reevaluation of the record check and may employ the person while the reevaluation is being performed.

h. Evaluation decision. Within 30 days of receipt of a completed record check evaluation, the department shall make a decision on the person's involvement with child care. The department has final authority in determining whether prohibition of the person's involvement with child care is warranted and in developing any conditional requirements and corrective action plan under this paragraph.

(1) The department shall mail to the requesting entity and the person on whom the evaluation was completed the record check decision that explains the decision reached regarding the evaluation of the transgression.

(2) If the department determines through an evaluation of a person's transgressions that the person's prohibition of involvement with child care is warranted, the person shall be prohibited from involvement with child care. The department may identify a period of time after which the person may request that another record check and evaluation be performed.

(3) The department may permit a person who is evaluated to maintain involvement with child care if the person complies with the department's conditions and corrective action plan relating to the person's involvement with child care.

(4) The department shall send a letter to the employer that informs the employer whether the person subject to an evaluation has been approved or denied involvement with child care. If the person has been approved, the letter shall inform the employer of any conditions and corrective action plan relating to the person's involvement with child care.

i. Notice to parents. The administrator of the department shall notify the parents, guardians, and legal custodians of each child for whom the person provides child care if there has been founded child abuse committed by an owner, director, or staff member of the child care center. Retesting shall be accomplished at least every two years from the date of the initial measurement if test kits are available from the local health department or the Iowa Radon Coalition. If testing determines confirmed radon gas levels in excess of 4.0 picocurie per liter, a plan using radon mitigation procedures established by the state department of public health shall be developed with and approved by the state department of public health prior to a full license being issued.

c. To reduce the risk of carbon monoxide poisoning, all centers shall, on an annual basis prior to the heating season, have a professional inspect all fuel-burning appliances, including oil and gas furnaces, gas water heaters, gas ranges and ovens, and gas dryers, to ensure the appliances are in good working order with proper ventilation. All centers shall install one carbon monoxide detector on each floor of the center that is listed with Underwriters Laboratory (UL) as conforming to UL Standard 2034.
