

Enrichment Activities

Session 9: Keeping Families Engaged

Please pick one of the activities to complete before attending Session 10. Many of these activities are tied to ChildNet Certification, so reference the ChildNet Certification Checklist for Session 9 under the Certification tab in your Participant Manual for further guidance.

- ✓ Assess current relationships with parents enrolled in program. Identify one instance where parents might have felt valued by an action or approach by the provider.
- ✓ Identify a communication tool that is used to guide child care expectations and rules currenting in program. Write a brief summary about what the tool is, what the approach is, and if it was effective or not.
- ✓ Create a list of interview questions that will be used in the parent interview which reflect program policy and mission.
- ✓ Create an orientation plan to ensure families have a thorough understanding of the care service they are receiving.
- ✓ Incorporate one activity into practice that will foster a positive relationship with families
